Company

CornerStone Computer Centre (CS) are THE source for all your computing needs – from multimedia PC systems & network servers to upgrades, repairs, data recovery, accessories & consumables. At CS we use only high quality, reliable, "industry standard" components in all our PC systems, thus ensuring trouble-free upgrades. All CS PC systems are "built-to-order" – thus allowing bespoke systems (PC's built to your exact specification) to be designed at no extra cost! All CS PC systems are thoroughly tested (100's of hardware checks!) before leaving the premises, carry a one year return-to-base parts warranty & lifetime FREE technical support. CS prices are extremely competitive – just compare our prices with any local computer retailer & you are certain to find we are the lowest in the area! All prices include VAT @ 20%, but not delivery (if required). Orders are dispatched on cleared funds only (please allow 5-10 working days for delivery). Payment is by cash or we accept most major credit & debit cards (minimum £5) with no surcharge. Please call for other hardware or software options not listed, or if you would like further details on any item within our product range. **Opening hours: Monday–Saturday:0800–1815, Sunday & Bank Holidays:0800–1400**

News News News Intel CPUs have had MASSIVE price rises, some by over £140!!! Solid state drives (SSD) are reducing in price almost weekly! Cheap Microsoft Office Professional 2003 (while stocks last!)

*** **CornerStone Computer Centre (Bognor Regis) Limited Terms & Conditions** ***

All goods shall remain the property of CornerStone Computer Centre (Bognor Regis) Limited (hence forth referred to as CornerStone) until paid for in full & all prices include VAT @ 20%. Cancellation of an order after stock has been purchased will result in a 20% restocking fee. Cancellations must be in writing. Any shortages, errors or damaged goods must be reported within 7 days of delivery/collection. Goods are not sold on a trial basis. Unwanted or incompatible items cannot be returned for a refund. It is the customer's responsibility to check hardware/software compatibility before purchase - we can advise, but we're not going to know what you do or don't have at home or work! We're happy to issue a credit note or exchange an item, if returned unopened & in original condition, together with the receipt, within 14 days of purchase. This in no way affects your statutory rights. Items that are not held as stock & are ordered as a 'one-off special order' will incur a 20% handling fee upon return. Any goods to be returned must be sent in the original packaging together with any & all manuals & accessories & will require prior authorisation. All costs incurred & any liabilities in returning goods will be met by the customer. Items returned as faulty will require testing to confirm the fault before a refund or replacement can be issued - this can take up to 7 days. Items tested as 'no-fault-found' will be returned to the customer, at their cost, & will incur a £10 testing fee. Faulty items will be replaced with another item of equal or better specification - this may be a different make/model, if the original is no longer available. Items are generally replaced from stock, but where an item has to be returned to the manufacturer for replacement (e.g. hard disc drives), return times are out of our control, although 4-6 weeks is typical. Unless otherwise stated, all new goods come with a 1 year & second-hand goods & repairs, with a 30 day Return-To-Base warranty (i.e. to the above address). Some items (e.g. monitors & printers) have an 'end-user' warranty direct with the manufacturer. In such cases, faults MUST be logged directly with them. It will invalidate your warranty if we work on the item! CornerStone PC systems have a 1 year parts warranty & lifetime free technical support! Please note: hardware only - software is NOT supported under warranty. Misuse or deliberate damage (e.g. smoking) will void warranty. Component failure due to external affect (e.g. electrical spike, liquid damage, smoke damage, etc) is NOT covered under warranty. Repair work is NOT carried out on a 'no fix, no fee' basis - there will be a minimum (generally £20) diagnostic fee. If permission to purchase parts has been granted & after fitting, additional faults are detected requiring further parts, if customer decides not to proceed any further, the initial repair work & parts will still require payment. Since software is prone to infection/corruption, servicing, where only software was installed/changed, can not be covered under warranty. To be safe, use good internet security software & a safe web browser (see our 'Hints & Tips' for guidance), make sure ALL installed software is kept up to date & any important files are kept backed up. Overdue invoices are subject to an interest charge of 1% per week plus a £25 administration fee per (monthly) reminder. After 3 months, outstanding debts are passed to a debt recovery company who will instigate legal proceedings to obtain monies owed. CornerStone operates under a zero tolerance policy to staff abuse! If a member of staff is threatened or attacked, or a customer is in any way aggressive or abusive, we always call the police & we always prosecute. The terms & conditions listed above are current as of 17th April 2015 & supersede all previous terms & conditions.
